GET TOGETHER

Thank you for a great first evening with a little snow walk and fantastic dinner at Gio's place.

The **ITAX** chemistry was right from the start and we were really looking forward to the next day.

FOUNDING OF ITAX WITH GENERAL ASSEMBLY

The day started with our foundation!

Now we can officially call ourselves

"International **TAX** Network e.V."!

Vera Goebel, Eric van Nugteren and Mira Berkemeyer have been elected on the board.

Following this, we were pleased to listen to an exciting lecture by Dr. Jürgen Abrams "Behind the curtain of international trade".

Following lunch, the typical German Currywurst (made by Vera) we went to the Osnabrück Golf Club in bright sunshine - and snow.

After initial skepticism of some participants, Peter Martin (Golf Pro) was able to inspire us all "you have to chop wood and look like Kevin Costner" and some unexpected talents came to light!

The evening started with a short walk through Osnabrück's city center to the oldest pub in Osnabrück, where we again had a great evening - thanks also to Uwe Goebel, the President Chamber of Commerce (Osnabrück), who shared current political issues with us through his speech.

THANK YOU...

...for this great weekend and the opportunity to meet you all in person. We had a lot of fun and are proud to have attracted perfect founding members to **ITAX**. Now it is up to us to expand our network with like-minded persons from tax boutiques from other countries.

We are looking forward to our next virtual meeting on **20 April at 15 CEST**.
